**A QUALITY THAT
OUTSHINES THE
COMPETITION**

Distinctive Advantages

- ❑ Here are some distinct advantages that clearly define the outstanding quality of our office modules. A quality that outshines the competition.
- ❑ Modular Design – very low installation time at site.
- ❑ 65 mm and 50 mm thick partition system in powder coated / anodized aluminum with panel based framework
- ❑ Functionality in integrated wire management system.
- ❑ Partition height can be varied from 750 mm to 3000mm (Ceiling Height).
- ❑ 8mm and 12 mm thick tiles with tile based vertical insert systems to prevent warpage and dislocation of panel tile. Moreover the 12mm thickness gives better strength and durability.
- ❑ Two level cable raceways (150mm) with easily retractable covers housing sockets for electrical fixtures & networking.
- ❑ Aluminum cable raceways in powder coated and anodized finish.

- ❑ Flexibility in panel sizes to accommodate a variety of the floor plans (installation around pillars)
- ❑ Power coated / Anodized Aluminum profiles for top and side rails to give better appearance.
- ❑ Wide choice of powder coating and anodizing colour combination are offered for all metal components.
- ❑ Table top 25mm to 40 mm with rigid supports like metal stands and wooden gable ends.
- ❑ Cable inserts on the table tops enhancing better cable management
- ❑ Sundry levelers for insulation and to counter uneven floor surfaces.

**“ WHERE DESIGN
MEETS FORM**
